

Selected models

- kNN on Intel i7-6700

The radar chart compares the performance of four models across nine metrics. The metrics are PAR, ENT, PREC, F1, ACC1, RTT, FS, ENI, and RTI. The performance is measured on a scale from 0 to 1. The models are kNN on Intel i7-6700 (blue line), kNN on ARMv8 (green line), GNB on Intel i7-6700 (yellow line), and GNB on ARMv8 (red line). The chart shows that GNB on ARMv8 generally performs best across most metrics, while kNN on Intel i7-6700 performs worst. A color bar on the left indicates the hardware configuration: green for Intel i7-6700 and brown for ARMv8.

Metric	kNN on Intel i7-6700	kNN on ARMv8	GNB on Intel i7-6700	GNB on ARMv8
PAR	0.1	0.9	0.9	0.9
ENT	0.1	0.9	0.9	0.9
PREC	0.1	0.9	0.9	0.9
F1	0.1	0.9	0.9	0.9
ACC1	0.1	0.9	0.9	0.9
RTT	0.1	0.9	0.9	0.9
FS	0.1	0.9	0.9	0.9
ENI	0.1	0.9	0.9	0.9
RTI	0.1	0.9	0.9	0.9
